

## Entrance Procedures 《Short Term Course》

It is a short Japanese course of 4 to 10 weeks. In the class, focusing on "listening, speaking.", students acquire the conversational ability to communicate in Japanese at each level. In the "cultural experience" class, which is held once a month, students study Japanese culture and practice conversation in anticipation of a scene at the destination before going on a cultural experience tour. It is a course to learn Japanese well while having fun. It's perfect for those who want to enjoy life in Japan, use the Japanese language they've learned, or experience studying in Japan.
